Where Do You Fit?

A church of this community was marked recently by four juveniles with chalk from the classrooms of the high school.

Neither the school as a source of the chalk nor the symbols left on the outside walls of the church are significant other than incidental as a mechanical need and a source of the idea to "form a club and do something" in the confused juvenile mind.

This emphasizes the importance of home and community responsibility in training and guiding these 14-16-year-old boys.

Where does the home guidance merge with the school-teacher? Where does the work of these need to be supplemented and implemented by local civic, fraternal and religious groups?

This community, we believe, is near the bottom of the list in juvenile delinquency. But are we to sit on this record and do nothing to prevent such occurrences?

Yes, we have it on the authority of men who make a study of our juvenile problems, that proper guidance NOW can save another, and perhaps several additions to our state corrective institution's prospective inmates.

Incidentally, our local officers, who interviewed 57 high school students, deserve credit for securing a complete confession of the four juveniles involved. They pronounce it "purely juvenile restlessness inspired by television, radio and news stories of similar acts."

Your and my kid escapades did not include desecrating places of worship, but did involve plum or willow switches applied in an effective manner.

In this age when news from the other side of the world is only a matter of minutes, the kids' thinking, unless guided by mature minds, follows the lull suggestions.

Where do you and I fit in the picture?

Frost Slams Glades Harvest Full Damage Not Yet Known

Discrimination Is Claimed On Some Sewer Charges

Belle Glade City Commissioners Wednesday heard a charge from a group of multiple-unit dwelling owners that the sewerage rates were discriminatory to their disadvantage and urged that some relief be given to them as soon as possible.

James A. Finan, President of Belle Glade Property Owners Assn., Inc., a newly formed association of some 20 property owners of apartment and rooming house buildings in the city, told the council through the use of a chart revealing a study made recently by the property owners, that the ratio of sewer rates to water rates showed apartment owners paid more for less use of the city's sewerage system than rooming house owners and commercial building owners.

Finan said the sewer rate for apartments was 350% greater than the water bill while rooming houses paid 170% and commercial structures paid 33%.

Mayor Paul Davidson said bond holders wouldn't listen to rate changes until the system had been in operation long enough to prove justification for lower rates. He said about a year would be required to make a comparison.

Street Ordinance
N. B. Willis appeared to remind the council that the body had taken no action on a request of his for information on how home development could be extended in the Northmoor section.

Officers elected with Finan are Larry Royal, vice president; Louis Gold, secretary; and Mrs. Dolly Head, treasurer.

Other officers elected with Finan are Larry Royal, vice president; Louis Gold, secretary; and Mrs. Dolly Head, treasurer.

Time was in the Glades when anyone who was thought responsible to an application for a crop loan, or to a low-interest rate of valuation and a high-interest rate farm loan, received the VIP treatment - the red carpet was rolled out and protocol followed in obedience to no hindrance from the representative of "money-bags."

Apparently the Secretary of the Treasury was "with, but after" the visitor in importance, as reflected in the "four-purse" ceremony.

Nowadays, however, the farmer has graduated to the respectability of having his self-administered credits recognized, first by the Federal government through the Farm Credit Administration and secondly through investing groups.

The Production Credit Administration is a farmer-owned and farmer-administered, following sponsorship by Farm Credit Administration, the one in Miami.

More important than the changing of the name, the emphasis being put on the desire of the association to provide long-term Federal Land Bank loans.

George Wedgworth, Vice President (Continued on page Four)

Produce industry officials agree more time will be needed before the complete extent of the recent cold weather can be determined; however, there are indications that the Glades suffered less than most other areas.

While volume and quality of produce has been reduced, the market prices for most offerings are zooming higher. In one sentence: The young and tender was hurt, the hearty wasn't. Replanting has started.

Two general groups swung into action in the state, the labor management force of the Florida State Employment Service and migrant committees whose job it will be to help isolated cities where necessary.

Employment Service managers and farm labor representatives from south Florida branches, their Tallahassee bosses, FFVA representatives and sugar industry representatives met Wednesday at Belle Glade to assess their problems and needs.

According to a report submitted to Ralph Moss, chief of farm placement in the state for the Industrial Commission, there are no migrant workers out of work in the Glades area who want to work, and if unemployment develops, U. S. Sugar will make jobs available. Other farmers will create maintenance jobs until crops are ready for full production.

Following a meeting at West Palm Beach Wednesday at 2 p. m., Palm Beach County Migrant Committee Chairman Roy Michaels said, "Generally speaking, the migrant labor situation in the county as a result of surveys made by the committee is in pretty fair shape."

The total indebtedness of the church has been substantially reduced during Dr. Scott's service here.

Following his graduation from Louisville Seminary, Dr. Scott began his ministry in Ozark, Alabama. He married Miss Sarah Mae Chong of Jackson, Tenn. They have one daughter, Mrs. Paul Kadlac of Miami Springs, and two grand-children, David and Gail.

Previous to his tour as pastor in West Memphis, Ark., Dr. Scott held positions in Louisville and Elizabethtown, a Doctor of Divinity was conferred on him by the Arkansas College (Continued on page Four)

Coldest day to date this winter was the morning of the 24th when Everglades Experiment Station recorded a 27 degree mark. Colder reports away from the lake were seen with a reported 23 south of South Bay. The experiment station record, 27 degrees in January of 1941 and 1947 with their coldest mark in January of 1940 when the mercury hit 24.

Pastures reportedly suffered (Continued on page Eight)

U. S. Migrant Pilot Project Starts Belle Glade Selected For First Tests

Belle Glade has been selected as first city in the United States for a migrant pilot project under the sponsorship of the U. S. Department of Labor, in conjunction with the Belle Glade Migrant Committee, according to a joint announcement by Grant Averill, Chairman of the Belle Glade Migrant Committee, and J. W. Mosley, Florida State Employment Service Manager at Belle Glade.

Purpose of the "Earning Opportunity Forum" and the accompanying project will be to help migrant workers who want to settle in this country get out of the migrant stream.

Through the coordination of the migrant committee and the employment service, 50 families will be located in year-round jobs. According to the directors of the project, a great deal of enthusiasm is being shown here. Much support has already been obtained from the public health agencies, county school department, county welfare services, agricultural extension divisions, farmers, church groups and FSES.

Mrs. Thelma Harper, of the Department of Labor, Washington, D. C., and James Patton, representative of the regional Department of Labor, Birmingham, Ala., spent almost a week working with the Belle Glade Migrant Committee. State Rep. Emmett S. Roberts, chairman of the governor's committee on migrant labor, is also coordinating and leading organizational (Continued on page Four)

Glades Area Studied

Visiting Farmers See Our Production

"Soil conditions and problems last week. Delaware is a six-county area of Virginia, Delaware and George K. Vapez, Kent County (Del.) Agricultural Agent, in explanation of why a group of farmers visited south Florida to see what they could about winter production of tomatoes, potatoes, strawberries and leaf crops.

John Causey, Palm Beach County Assistant Agricultural Agent, was one of five lower Florida County agents who assisted the group in their tour. Following inspection tour in the Dade County area, the group arrived Jan. 2 at Pioneer Growers, their trip included a field trip to W. A. Duda & Sons farm Wednesday afternoon.

Thursday morning was spent at Everglades Experiment Station. According to Dr. W. T. Orsengio, Jr., chief of the station, "We described the operation and work conducted at the station, and they expressed their interest by asking many questions."

"They were especially interested in the excellent facilities that are afforded us here in the state through the extensive cooperative between growers, county agents and our experiment station."

After visits to the Lake Worth drainage area, Pompano State Farmers Market and farms in the vicinity of Pompano Florida, the group returned to the University of Florida specialists from University of Florida developed the schedule for the group.

After articles dealt with in the Glades Glades Experiment Station on celery harvest (Dr. V. L. Guzman, Dr. H. W. Burdick), control of young beetroot on cabbage (W. G. Gernung) and early blight on celery (Dr. P. L. Thayer).

Prescribed applications. Results were based on only one season of an article by Emmett D. Harris, Jr., Assistant Entomologist, Everglades Experiment Station, which appears in the January issue of the Agricultural Experiment Stations "Research Report" published by University of Florida.

Harris' preliminary report on the so-called corn stem weevil that early in 1959 on young sweet corn plants were infested by the legless grub, and it was estimated that 50% or more of the fields in the Glades organic soils were affected.

In many of the field nearly 100% of the plants were attacked. Preliminary experiments showed that the best control known at present was an application of DDT in certain L. Thayer.

Health and sanitation of jails comes under the State Department of Health who make spot checks from time to time. County Judge Richard Robbins has expressed his satisfaction of our plant for use for juvenile detention, for which we have separate quarters.

A felony is any crime punishable by imprisonment in the state penitentiary for one year or longer. All felonies are tried by Criminal Court judges and prosecuted by the County Solicitor.

Heinous crimes such as murder, rape or arson are usually prosecuted by the State's Attorney before a Circuit judge including some of those indicted by a grand jury. Appeal

Station Scientist Presents Papers

Dr. J. R. Orsengio, Assistant Horticulturist at Everglades Experiment Station, and Chairman of the University of Florida Weed Workshop, announced that university personnel engaged in weed and weed control research, extension and teaching will hold the annual workshop at Belle Glade on Feb. 17-19.

The sessions will include discussions of current research and weed problems throughout the state. The group will meet at the station and at Glades Office Building, and the program will include a tour of vegetable and sugar cane operations.

Orsengio gave two reports of chemical weed control research in vegetables at the 13th annual meeting of the Southern Weeds Conference at Biloxi, Mississippi.

His papers were included in more than 50 presented during the three day meeting which dealt with research in the field of weed control. Seven other papers were presented.

Rogers' Questionnaire

Sixth Congressional District Representative Paul G. Rogers has sent out a questionnaire of public opinion this week. You'll find the form on the Editorial Page. Fill in your part as a good citizen by clipping the form and expressing your opinion now.

The income to the city from fines and forfeitures was \$47,761. The city also received \$1,133 from the work of our prisoners on the city departments.

Now again the police department as a business or source of revenue. No officer here is ever given a quota of arrests to make or an amount of revenue to take in. Such an arrangement is detrimental to good law enforcement. We never know until the end of the month how much money was involved for that month.

Statistics
I looked up some statistics on this phase of our operation for the year 1959. The city appropriated \$78,590.75 for the operation of the police department including salaries and equipment and all other expenses directly related.

The income to the city from fines and forfeitures was \$47,761. The city also received \$1,133 from the work of our prisoners on the city departments.

I have been asked many times how bonds and fines were set. A bond is set by the judge upon recommendation of the city attorney. A fine is set by the judge on the basis of the evidence produced by the police department and other witnesses.

(Continued on Page Three)

Police Problems And Needs Cited In Talk To Clubs

By Lt. V. R. Clark

Our jail is not one of the most beautiful to look at, but it has many good features, and indeed, it has been inspected and passed by the Justice Department.

For the confinement of federal prisoners both from a security standpoint and an operational standpoint. Few jails have received this recommendation.

Health and sanitation of jails comes under the State Department of Health who make spot checks from time to time. County Judge Richard Robbins has expressed his satisfaction of our plant for use for juvenile detention, for which we have separate quarters.

A felony is any crime punishable by imprisonment in the state penitentiary for one year or longer. All felonies are tried by Criminal Court judges and prosecuted by the County Solicitor.

Heinous crimes such as murder, rape or arson are usually prosecuted by the State's Attorney before a Circuit judge including some of those indicted by a grand jury. Appeal

BG Lions Observe 21st Anniversary

Belle Glade Lions Club marks its 21st year with observances in conjunction with the celebration of the 21st anniversary of the International, according to Belle Glade Lions Club President W. L. Cunningham.

Wednesday's club guest speaker was Scott Kitson, International Councilor, who spoke on Lionism. Started in 1919 by Melvin Jones, of Chicago, who was the Secretary General of Lions International, the movement is now the world's largest organization of its kind.

W. C. Buchanan, Deputy District Lion Counselor, was also a guest Wednesday.

Belle Glade Lions Club was chartered Feb. 1, 1939 with 12 members. The club has now grown to 40 members. Ralph Kirk is now the only charter (Continued on Page Eight)

Avenue E And More Progress

Two business firms, one less than a year old, another a few weeks old, and another in the process of construction on South Avenue E is a healthy indication that people have faith in the growth of that thoroughfare.

As workers put the finishing touches on our city's new street, and a medium-sized one at that, businessmen in various sections have started to voice optimism about the expansion almost certain to come to that street.

For months motorists and pedestrians have been plagued by a continual dust storm—not to mention the discomfort of the many people who live and work on the street, but now the dust and sand storm is about over. Soon many folks will reap the benefits of the modern street.

We'd like to think that there was much more good already developed and yet to come from the street construction than there could have been had from the inconvenience of waiting for the finished product.

For after all, it's just another phase of progress, a word synonymous to Belle Glade. In the past two years our city has enjoyed its greatest building and expansion program both through new businesses and new homes.

The completion of South Avenue E points to more progress, and more business everywhere. It's happened before when new business comes to an area, the other established businesses also profit. It's going to happen again.

Our National Emblem Choice

News from Washington, D. C., we note, is not all about politicians, national debts, fiscal balances and foreign something or other. The Florists' Telegraph Delivery Association has just announced the results of the national flower election conducted by that group and tabulated at Washington.

Although not official in any way, the results show that Florida votes selected the rose as their choice for the official flower of the nation. These flower delivering people intend to recommend that our Congressmen pass some sort of legislation proclaiming the rose the national flower.

Corn tassels from a Belle Glade grower were used recently in a national emblem debate exhibit at Washington, and although the tassels were pretty, they apparently didn't help much.

Without getting involved in a national controversy and at the same time drawing fire from national flower-sending people, we take this one brief moment to proclaim our choice for a national emblem. Let's nominate and elect not the rose or sweet pea or dandelion or the corn tassel, but the ear of corn, my friends. The ear for our National Emblem.

That way, when people stop looking at it, talking about it, sending bunches of them to state fairs and other exhibits, when poets stop writing poetry about it, and the song writers stop being melodious about the corn... by gosh we can eat it. No other candidate for the National Emblem can make that offer. We stopped eating flowers just after Circe served lotus petals to Ulysses on that quaint little island.

We're for the ear of corn all the way... Glades corn, that is.

Congressman Rogers' Questionnaire

Below is Congressman Paul G. Rogers' annual questionnaire which has been distributed to newspapers in his Sixth Congressional District. The Congressman says, "I am asking the people of the Sixth Congressional District of Florida to give me their views on some of the important issues that will come before the Congress."

"It will be very helpful to me if you will take the time to answer these questions, and return them to me." Write: Congressman Paul G. Rogers, Room 111, House Office Building, Washington, D. C.

- Questions**
1. Do you favor a Federal "Fair-trade" bill which would authorize manufacturers a brand name merchandise to set minimum resale prices on such goods at the retail level?
 2. A Senate Committee is presently investigating drug prices. Do you think the Federal Government should take action in this field?
 3. Should the interest ceiling on long term government bonds be raised?
 4. Proposals have been offered to raise the minimum wage from \$1.00 to \$1.25 and extend the coverage of the present law. Do you favor such a proposal?
 5. Do you favor elimination of Federal price supports to farmers?
 6. Do you favor a cut in foreign aid expenditures?
 7. Do you favor using Federal Funds for A. School Construction?
 8. Teachers' salaries?
 9. Do you favor my proposal by which our National Debt would be reduced by not less than 1% each year?

Blind Aid Week Still Needs Help

The mayors of the cities and towns of Palm Beach County proclaimed the week of January 17 as AID TO THE BLIND WEEK, during which time Seals from Lions Industries for the Blind were available to the public by mail. The purpose of this annual campaign is to obtain funds to help carry on work among the blind in Palm Beach County and adjacent counties. You can still help.

Lions Industries for the Blind, a non-profit organization, was established in 1946 as a sheltered workshop, serving only a few adult blind in a limited area. Like Palm Beach County, it has grown in size and services to the Blind of all ages.

Its present program consists of a pre-school service to blind children and a rehabilitation service, including evaluation, adjustment and a training center, a sheltered workshop to employ those blind persons who temporarily or permanently find their best opportunity in the workshop because they are unable to compete in regular competitive industry or where work in regular industry is not available; social service, where a social worker helps the newly blind adjust in his home and community and a recreation program where there is a participation by both the sighted and blind persons.

Why Cut Weather Funds? Rogers Wants To Know

Congressman Paul Rogers of Florida's Sixth District has requested the UNITED STATES AIR FORCE and the WEATHER BUREAU to give him a complete explanation of the announced cut in Air Force Weather reconnaissance service into the Atlantic and Caribbean areas.

This service in the past has been part of the Hurricane Warning System, in detecting suspicious vessels and tracking developed storms.

"It is of utmost importance," Congressman Rogers said, "that the proposed cuts in the number of planes will not effect the efficiency of the weather reconnaissance service so vital to early hurricane detection will be maintained."

The Air Force has announced plans to inactivate its weather reconnaissance unit at Kintley Air Force Base, Bermuda, in March.

From my front porch...
 "I watch the world go by."

The hero of this "adult Western" is the Sheriff—but he doesn't shoot anybody. He's a fast two-gun crack-shot—but he doesn't try to beat anyone to the draw.

He has his trouble makers in a frontier town—but he settles everything satisfactorily with sweet reasonableness and broad grin. He's a well-dressed tenderfoot, but he's tough in a quiet, low-and-order way when he has to be.

Sounds incredible, and dull doesn't it? But it all adds up to one of the most exciting and exciting plays on Broadway—"Destry Rides Again." Of course the fact that the Sheriff is the amiable comedian, Andy Griffith and that the music and dancing are tunelessly gay, does help. But can you imagine a Western without mayhem or murder—just music and mirth? Guess it's about time!

My habits cling to me, somehow. It's seldom I can shake one. The trouble is, I do allow, I'd rather make than break one.

"The Joy of Motherhood" was a woman's experience when all the children are finally in bed!

Outstanding Talent In Recital Jan. 31

The Frank Leo Mark Studio, again presents a mid season recital given by outstanding students. This is part of the curriculum in encouraging talent to carry on in the art of music.

This year the senior teacher, James Williams will be featured on the organ. The recital will be held at the Community Methodist Church, Jan. 31 at 8:30 p. m. Guest talent will be Karen Vadas, pianist and organist and teacher, who has a promising future in a musical career; Christabelle Kelly, 13, student of piano and organ, who shows unusual talent; Janet Plummer, 13, pianist and organist with a future in music, who will present her own recital next term and vocalist Mrs. H. Branch, a member of Pahokee Methodist Church Choir who has a lovely voice.

Mr. Mark director of the studio and teaching in the Glades for 15 years has much to his credit for many student careers, in this area, including scholarships, professional musicians for church and social occasions.

The public is invited to attend.

HAPPY BIRTHDAY GREETINGS

 Feb. 2: David Andrew Kirchman, Lee Hair.
 Feb. 3: Gladys C. Hooker.

Uncle Dan From Doolie Says:

Dear Mister Editor:
 I never knowed until Saturday night that hound dogs was playing such a important part in the tax situation in this country. But Clem Webster explained it plain and simple so's all of us could understand it. Most of us attending the session, at the country store, Saturday night is a authority on hound dogs, and Clem allows as how them Congressmen is using "hound dog psychology" in spending our money.

A heap of you town folks don't understand why a hound dog will keep on barking all night, but there's a reason. A feller's dog thinks he hears somepon, so he starts barking. All the other dogs in the neighborhood hears him barking and they go to help him out. Sooner or later the dog that started the barking finds out he don't hear nothing no more and is ready to stop barking. But by now he's got to help his buddies. And round and round goes for a couple hours until them Congressmen, claimin' Clem, don't call it hound dog psychology. They call it pork barrel legislation. A feller in one state thinks his voters has got to have a airport or a big

dam across some river. His buddies over in the next states thinks they got to help him out on account of pritty soon they're going to be in a position to put themselves. So they start barking to help out their buddy and after long all the Congressmen is barking to help out each other. By the time they git through barking the coffers is empty and we got to float another loan and find new taxes to finance it.

Now I ain't comparing our Congressmen with a hound dog. Mister Editor, but in a heap of ways, especially in spending money, they got a lot in common with a barking hound dog. Incidently, Clem was complaining powerful Saturday night about his arthritis, says it always hits him worse in the winter. I put me to thinking about how things has changed in a man's life in 50 year. The Bible says the King of Babylon had a aching back and had to sleep on a board. What the King had was rheumatism and they ain't never found any thing that would do it much good. Folks with aching backs still sleep on boards. About the only improvement they've made since the King's time was to change the name from rheumatism to arthritis. That helped a lot. Fifty year ago Clem wouldn't dare tell nobody he had rheumatism, but now he tells everybody right out in the open about his arthritis.

Yop, science has done a heap to change the thinking of man. For instants, what I was a boy, folks was discussing the origin of man. Since the first atom bomb I ain't heard nothing about Darwin or monkeys and how man got here. Now all folks is thinking about is how he's gonna fix it.

Yours truly,
 Uncle Dan

HERALD MAIL BOX

This column is for Herald readers to express their opinions on questions of the day. They are necessarily the opinions of this paper.

Editor: Belle Glade Herald
 Belle Glade, Florida
 Dear Sir:

The Salvation Army appreciates the splendid job you did in connection with the Christmas cheer program and, in particular, the article "Organizations bring happiness to many."

We are also grateful to the many citizens and organizations that proposed cuts in the number of planes will not effect the efficiency of the weather reconnaissance service so vital to early hurricane detection will be maintained."

The Air Force has announced plans to inactivate its weather reconnaissance unit at Kintley Air Force Base, Bermuda, in March.

With every best wish, I am
 Sincerely yours,
 John Bivans
 Brigadier

Special Series: Income Tax Fax

How many exemptions can you claim?
 Each exemption is a \$600 deduction. That is for each exemption you are allowed to make \$600 tax free.

Exemptions determine the amount of tax-free income you are allowed each year, and are devised to make the tax fair between single persons, married couples, and large and small families.

You are entitled to one exemption for yourself. You are entitled to one additional exemption if, on December 31, 1959, you had attained 65 years of age, or if you were blind.

If you file a separate return, you are entitled to two additional exemptions: You are also entitled to exemption on the same basis for your wife, if you file a joint return.

If you file a separate return, you can claim your wife's exemptions only if she has no income and was not claimed on any other taxpayer's return for 1959.

If you wife or husband died in 1959, the additional exemptions for age and blindness are determined as at the date of death, rather than December thirty-first.

You are entitled to one exemption for each dependent. Additional exemptions for age and blindness apply only to you and your wife or husband, not to dependents.

Cancer Course Being Offered

Registrations are now being taken for a three-week college level short course to be staged during February at Palm Beach Junior College in cooperation with the American Cancer Society.

The course, to be taught by a panel of Palm Beach County medical men, will be held on three consecutive Tuesday evenings from 7:30 to 9:30.

The course is for interested persons and registrations can be made either at the college or at headquarters of the Palm Beach County Cancer unit in West Palm Beach. The first class will be held Feb. 9. Subjects to be covered in the course include "Why is Cancer a Major Problem," "What is Cancer and How Does it Spread," "What Causes Cancer, How and Where Does Cancer Strike," "How Can Cancer Be Cured," "What Causes Cancer," "What Can Be Done to Control Cancer" with Dr. Murray Sigman as moderator.

Musical Carnival Tickets Are Now Being Offered

Season subscriptions are available now for Palm Beach Musical's third season of six hit musical shows opening Feb. 9 with the "Nightly Musical Adventure, Kismet." Mail orders for individual performances of all the shows are being filled now.

Other productions include "The Merry Widow," Feb. 16-21; "The Desert Song," Feb. 22-28; "Dance of the Vagabonds," Mar. 1-6; "Naughty Marietta," Mar. 8-13; and "Show Boat," Mar. 14-19. Write Box 2188, West Palm Beach for information or tickets.

AF Recruiter Changes Visiting Days To BG

Sergeant Johnnie C. Gautier, Air Force Recruiter has announced a change in his periodic visits to the Belle Glade Selective Service Board. Instead of every Monday as it has been in the past, he will be here every other Tuesday from 9 a. m. until 4 p. m.

Sergeant Gautier also announced that there is no knocking or waiting list for enlistment with the Air Force at this time and almost immediate enlistment can be accomplished following applicants meet Air Force Qualifications.

Now is the time to see your Air Force Recruiter if you desire to enlist in the United States Air Force. Visit him at the Belle Glade Selective Service Board every other Tuesday.

Bobcats Win Two New Face Goulds

The Bobcats of Lake Shore High School pointed two wins during the past week to run their season mark to 10-3 and conference mark to 3-2, Coach Willie Irvin reported this week.

The Cats dropped Northwestern in Miami, a usually rough team, 15-42 at Big Joe Strawder 6-9 hit 17 and Eddie Gainer got 16 points. Coward of Northwestern hit 11.

The Bobcats pushed over Ben McCoy's first-year Vikings of West Riviera, 74-34 as Larry Glover hit 26 and Strawder got 18 points. Cleveland Gavin hit nine to rattle the losers.

The Bobcat junior varsity won their tussle with Northwestern in a thriller, 27-26 as Hodges Jones got seven and Willie McDonald got six points. The JV record is now 2-4.

The girls' team topped Riviera's ladies 50-26 for their third win in seven starts. They held other wins over Carver and East Lake.

Lake Shore played North Dade last night and play host to May High of Glades Friday before visiting North Dade for a return match Feb. 1.

Bobcats Average Over 59

Willie Irvin's Lake Shore High Bobcats are averaging 59.6 points per game this season while holding their opponents to a 35.4, a check of the record books show.

Although basketball can reverse itself, the record show the team has beaten five of its next 11 opponents in previous games this season. It could be a good year this time. Regular game results are elsewhere on this page.

Faculty Play Successful

Faculty members at Lake Shore High School presented two performances of their play, "The Silver Cord," Jan. 22-23, and the second night's proceeds benefited the school PTA, according to Principal Charles McCurdy, who directed.

The three-act comedy dealt with the over-attention of a mother to her two sons. Featured in the cast were Miss Mary Thompson as the mother; Gerald Burke and James Jefferson as the two sons; Mrs. Freddie S. Jefferson as the daughter-in-law; and Miss Betty Fletcher as the sister.

Willie Singleton was in charge of the stage settings.

Negro Deaths

Services will be held at Correll, Ga., for Curtis Lee Cobbs, 18, 525 S. W. 8th St., Belle Glade who died of bullet wounds Sunday following a shooting on S. W. Ave. E. Cobbs was a migrant worker.

Funeral arrangements will be announced by Taylor Funeral Home for Everett Idias, 50, who died Jan. 24 at Chosen.

Funeral rites will be held at Nassau, Bahamas for Mitchell Ritchie, 34, who was shot to death Saturday in a cafe at Belle Glade.

New cases of TB reported in the continental United States in 1957 totalled 86,861.

NEGRO NEWS

Allen University Singers

The Allen University Chorus of 40 voices will be heard in recital Feb. 1 at 8 p. m. at Lake Shore High School gymnasium under the sponsorship of the music department of the school, according to Mrs. E. C. Grear, band director.

Proceeds of the recital will benefit the band uniform fund which is seeking 50 new uniforms at about \$65 each. The public is cordially invited.

East Lake PTA Meeting Features Health Theme

The Parent Teachers Organization held its regular meeting Monday at 8 p. m. in the school cafeteria. A host of parents, teachers and boys and girls attended.

The meeting was called to order by the President, Mrs. Pauline Stokes, and after the reading of the records by the secretary, Mrs. G. K. Russell, the devotion was led by Mrs. L. H. Hope.

Program of the PTA has highlighted by a panel discussion on "Health Safety For Our Girls" Panelists were Mrs. I. F. Irvin and Nurse Shuford.

"A Date With Your Family" and "Ore You Popular" were films shown to the group. "Come join in the group of the parent teachers organization in order to make our school and community a bigger and better place to live," Mrs. Stokes urged.

Station Scientist

(Continued From Page One) members of the University of Florida Experiment Station. Dr. R. A. Darrow, Texas A & M College, was elected president of the group for 1960. The next meeting of the conference will be at St. Petersburg, Fla. Jan. 20, 1961.

Police Problems

(Continued From Page One) their prisoners; we are a bare expense of about \$10,000.

Traffic

Speaking momentarily on traffic, the city council about the failure of the city to construct a new bridge across the Hillsborough Canal and to ease the ever-growing congestion on the present one has forced the police department to station a man to direct traffic on the north side of the canal at times when traffic is heavy. This situation along with child pedestrians at the same time causes a jam wherein there

city in four years. For the city's interest, generally, that is good, but for traffic specifically, it is bad because most of the traffic worked here by an officer is done because of calls of violence such as drunken, fights and disorderly people.

Calls are worked in order of their importance, a speeding ticket must take a back seat to a burglary or an attempted murder by a prowler. Policemen's job is to protect life and property and to do it in that order. First things must come first in order of their urgency.

The foregoing statements were made but for one purpose, to show you gentlemen the urgency we feel, for filling the vacancies we have with qualified personnel who can pass a civil service examination, and to institute a policy whereby one man and one car would be free to work traffic all of the time.

The Belle Glade Police Department is now in the same position as Chief Milburn in West Palm Beach about his jail. He is being criticized by the public and the city council about the over-crowding in the jail and they refuse to build him a place to put prisoners.

We are faced with almost four cars in Belle Glade where there was none in 1957.

Now the problem is what to do with them. Different organizations have safety committees. New organizations have been formed to make recommendations and to force the city commission to make parking changes. Some relief has been found by new parking areas and lots. As far as I can see, no organization can create space where there is none.

As far as Chief Milburn and his jail problem; here is Chief Goddard and his parking problem. Neither case can be solved within the department itself, and we will continue to be criticized until the city fathers furnish the desired solutions to the problem.

Traffic woes Our department is at the stage of growth where there are but few specialists. A patrolman in Belle Glade will learn a more varied knowledge of police work in two years than a specialist officer would learn in a large

JAN. 28, 1960 THE HERALD, Belle Glade, Florida Page 3

is no relief—and it is going to get worse.

Persons living in the north-east section of town have a legitimate complaint. Things being as they are, we are forced into a policy of selective enforcement, that is to say, we work the worst locations at times when they are most dangerous.

For the first time in several years we are requesting a new position be created, that of traffic officer.

Enough for traffic except to say we have been lucky, and The Good Lord has been smiling on us and our good citizens because we hold one of the best records on accident fatalities in the state for a town of this size. We promise you that some of the increased reckless driving seen here of late will surely be a station all the police blotter that I or someone can talk to you about next year.

Next week Lt. Clark's remarks are continued as he talks about our serious gambling problem.

GLADES CHURCH NEWS

The Herald welcomes news items from your church each week. Call Mr. W. C. 6-2542 or later than Tuesday noon for publication. KATHLEEN LIVINGSTON, Church Editor

Lake Harbor WMU Study Year Book

The Lake Harbor WMU met Monday night, at church. For the program, the study of the "Assignment and Answer" of their W. M. U. Year Book was started. They voted to send \$5.00 for the State W. M. U. Camp. Refreshments were enjoyed by all.

Those attending were: Mrs. J. E. Hester, Mrs. Jake Newman, Mrs. Murray Weeks, Mrs. W. C. Pinder, Mrs. Nathan Bolton, Mrs. W. R. Adams and Mrs. Quimby Sirman.

All members are urged to attend the W. M. U. Associational meeting of the Big Lake Assn. Friday at 10 a. m. at the First Baptist Church, Okeechobee.

The First Baptist Church at Lake Harbor, at the home of Mrs. J. E. Hester, will hold a conference, voted to hold a revival on March 14th through the 20th.

WCS Meeting Feb. 2

The general meeting of the Women's Society of Christian Service will be conducted at 10 a. m. Feb. 2 with the Clara Circle in charge of the program on "This Is The Day." Coffee will be served preceding the meeting at 9:30.

Mothers March Of Dimes Tonight Drive Will Conclude Fund Appeal

The Mothers March on January 28 (tonight) will be the principal fund raising effort for the New March of Dimes in Palm Beach County.

Jay-Cee members and friends will conduct the Mothers' March at Belle Glade beginning tonight at 7 p. m. according to Mrs. R. V. Allison, area chairman. Special identification armbands will be worn and receipts will be issued when requested.

Those helping in the Belle Glade area are: Mrs. Bill Lee and Wallace Barker, Marian Chapman, Benny Richmond, R. H. Cooper, Horace Harris, Kenneth Harris, M. B. James, Roy Kimberly, Pete Lee, John Lan, C. Wilford Markham, John Schlechter, Tommy Parker, Carl Hayes, Herbert Priest, Barnes Smith, Herbert Chapman, Wayne Bockman, Don Sellers, Clara Stinson.

South Bay chairman is Mrs. Ray Sullivan with Mrs. Mary Davis, Mrs. John Evans, Mrs. June Rogers, Mrs. Clayton Waters, Lake Harbor chairman is Mrs. A. B. Mathis.

Your Light Has Come Is Subject Of Circles

"Your Light Has Come" was the program presented at two Circles of the Women's Society of Christian Service of Community Methodist Church. The Clara Circle met with Mrs. Frank Dooley. Mrs. Bob Abel had the devotional and Mrs. William Graber the program.

Mrs. Richard Poston, chairman of the Clara Circle, presided and discussed for the general meeting in February. It was reported \$50 was realized from a candy sale for the kitchen fund. Refreshments were served to 11 members present.

The Araminta Circle met at the home of Mrs. Larry Royal. The devotion was given by Mrs. R. E. W. Allison on "What Kind of a Christian Are You?" Mrs. J. O. Hill presented the program and Mrs. R. E. W. Allison assisted. Chairman Mrs. M. M. Sabiston presided over business. Mrs. Milton Carpenter reported on the project of making Easter baskets for the sale to be on display later, and the group discussed the rummage sale Feb. 20.

Refreshments were served to eight members.

W. M. U. Associational Meeting At Okeechobee

The Rev. L. C. Woodridge, minister of First Baptist Church, reminded the ladies to attend the W. M. U. Associational meeting to be conducted at Okeechobee Friday at 10 a. m. Mrs. R. A. Hall, leader of the Junior G. A. S. announced the group meets each Friday afternoon at 3:15 p. m. for everyone to be on time.

The Josephine Bailey Circle of the W. M. U. met Tuesday at 8 p. m. at the home of Mrs. Mary Baker Eddy for its monthly meeting.

How prayer enables man to cope effectively with the problems of daily living will be brought out Sunday at Christian Science services.

The 10th Session of the Lesson-Sermon of "Love" will deal with some aspect of prayer as taught by the late Christian Scientist, Mary Baker Eddy. Selections to be read from the Bible include those from the Mount of Olives on the Mount: "Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you: For every one that asketh receiveth; and to him that knocketh it shall be opened" (Matthew 7:7-8).

Also emphasizing the power of prayer are citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, which include the following: "If we pray to God as a corporate person, this will prevent us from inquiring, the human doubts and fears which attend such a belief, and so we cannot grasp the wonders wrought by infinite, incorporeal Love, to whom all things are possible" (13:2-4).

The regular meeting of St. Elizabeth's Guild of St. John's Episcopal Church was held at the home of Mrs. Ned Ayers. Mrs. E. M. Lively gave a short resume of last meeting of the Prayer-Study group followed by an inspirational program on the Holy Sacrament of Baptism which was presented by Mrs. David Ballie.

Mrs. Eddie Jones was named chairman of the Memorial Fund. The project of providing the necessary funds to have a linen cabinet built in the Sanctuary to hold the altar vessels and the purchase of a portable closet to hold acolyte vestments was adopted.

Mrs. J. E. Matthews, president, announced that Mrs. Induk Pahlk, Korean Missionary, will speak at Holy Trinity Church in West Palm Beach on February 2 and Deaconess Ann Newman of West Virginia will be the guest speaker at the Spring Denial meeting to be held in Ft. Pierce on March 9. Mrs. Glenn Smith was named Landscape Committee chairman to work with the Vestry in planning the landscape around the church and the new church school building. A sewing day was set for Tuesday, January 26, at the home of Mrs. Smith, to complete the annual missionary assignment of 6000 wrappers and sacks to be sent to a mission in Vieques, Puerto Rico.

Mrs. Ayers was assisted in serving refreshments to the fourteen members present by Mrs. Barnes Smith and Mrs. Roy Kimberly.

Junior Baptist Teachers Meet For Study Work

Junior workers and teachers of the First Baptist church met Monday night at the home of Mrs. Zeke O'Farrell for a study of junior work. Dr. and Mrs. Sam S. Hill were visitors at the meeting and Dr. Hill, interim pastor, spoke to the group on "Evangelism."

Mrs. Francis Cross led the group in thoughts on "Your Part in God's Miracle of Winning Juniors to Christ." Mrs. Zeke O'Farrell had charge of the "Preview Study of a Lesson Plan for Junior Teachers."

Those present were: Mrs. Francis Cross, Mrs. Merle Ward, Mrs. Junius T. Harris, Mrs. J. B. Hill, Mrs. Carl Hayes, Mrs. Bill Evans, Mr. Charles Cox of the 10 and 10 year Department; Mrs. Zeke O'Farrell, Mrs. J. R. Tenet, Mrs. Grady Edwards, Mrs. Zeke O'Farrell, Mrs. Jack Little and Mr. Vernon Jones of the 11 and 12 year Department and Mrs. Hill and Mr. O'Farrell.

The next monthly meeting will be held Feb. 28th at the home of Mrs. C. L. Williams. At this meeting Mrs. Genevieve Gove will give the first part of a study course from the book, "Jesus The Teacher."

BPW District 8 Elects Miss Stout

Belle Glade BPWC was represented at the District 8 quarterly meeting held in Stuart on Sunday by Mrs. Rose Nash, Miss Gloria Crosby, Miss Rachel Rodgers, Mrs. Corinne Thelander, Mrs. James Groff, and Mrs. Versie Ashler Groff, and Miss Betty Stout Stuart was elected district director; Mrs. Polly Crowell, Versie, assistant director; Mrs. Louise Roche, Riviera Beach, treasurer; Mrs. Madeline West, Palm Beach, recording secretary; Mrs. Mildred Greenfield, Stuart, corresponding secretary; Miss Gloria Crosby, Belle Glade was elected delegate to the state conference.

Mrs. Nash, chairman of the district nominating committee, presented the slate of officers. "Personality and Success" was the subject of the principal speaker, Miss Margaret Linkous, Jacksonville, state 2nd vice president of the Florida Federation of BPW Clubs. Mrs. Martha Papp, state legislation chairman presented a workshop, stressing the proposed equal pay bill for women.

The meeting was held at Edna Lawn Plantation on Indian River Drive. Sixty-seven were present. Mrs. Nash, president of Belle Glade BPW gave the response at the luncheon.

New Tile Floor Finished

Palm Beach County Commission Chairman Paul Rardin, Canal Point, announced this week that the new floor of the auditorium at the Office Building has been finished.

The new vinyl tile replaced cork which had a habit of trying to get off the floor.

Irvin Zumpf were named to serve as hostesses at the Glades 28th annual state fair Jan. 28. Mrs. Walter Roth was appointed representative of the club to attend the meeting at the Belle Glade city hall to discuss plans for the proposed civic building.

It was announced the next meeting will be held at the home of Mrs. Walter Roth, Feb. 16. The topic will be "Use of Raising House Plants" and the contest will be on house plants.

Nine members were present and two guests, Mrs. Della Altman and Mrs. E. F. Saunders.

How prayer enables man to cope effectively with the problems of daily living will be brought out Sunday at Christian Science services.

The 10th Session of the Lesson-Sermon of "Love" will deal with some aspect of prayer as taught by the late Christian Scientist, Mary Baker Eddy. Selections to be read from the Bible include those from the Mount of Olives on the Mount: "Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you: For every one that asketh receiveth; and to him that knocketh it shall be opened" (Matthew 7:7-8).

Also emphasizing the power of prayer are citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, which include the following: "If we pray to God as a corporate person, this will prevent us from inquiring, the human doubts and fears which attend such a belief, and so we cannot grasp the wonders wrought by infinite, incorporeal Love, to whom all things are possible" (13:2-4).

Attend Church Sunday!

The churches of Belle Glade invite all new comers to Belle Glade, and all tourists and visitors to attend the church of their choice, Sunday.

Baptist Director Of Music Resigns

Leo James has resigned as Music Director of the First Baptist Church. His last service with the church was Sunday evening. Leo has served in the capacity of Music Director for some time and has also worked with the Young People of the church.

He is going to Lakeland where he will be employed and hopes in the near future to resume his college work.

A reception was held and several groups of the church gave Leo lovely gifts as a token of appreciation for his service and prayers of the church go with him in his new work.

Sunday, January 31, the First Baptist Church will observe "Fellowship Dinner." Each member is urged to be present. It is the custom at this dinner to have a special "Bible Dinner," which will be spread on a long table so that all may participate in the good food and the excellent fellowship.

Sermon Topics

Rev. L. D. Rustin, Pastor, will speak on the sermon topic "The Righteousness of the Kingdom" at the Sunday morning worship service. The evening service topic will be "The Sacraments."

The First Baptist Church of St. Paul, S. Hill, interim pastor, will speak on the sermon subject "Unwed Power" at the morning service Sunday, Jan. 31. The evening service subject will be "When Winning is Lost."

Everglades Presbyterian Church Dr. J. Leighton Smith, pastor, will speak on the Sunday morning "Come Ye Blessed" and at the evening service "The Fellowship of Suffering."

U. S. Migrant Pilot

(Continued From Page One)

Stuart, Fla., project.

Realizing that automation has spread and will continue to increase in the farming industry, the U. S. Department of Agriculture is sponsoring a series of government officials are viewing with greater concern the need for training for many of the 85,000 migrant workers who enter the state annually.

The U. S. Department of Agriculture is ready to begin the initial screening of 40 families to find their permanent jobs. Employment opportunities are being surveyed as well as education for the training and educational needs of the migrant.

Following the initial screening, the project, the employment service will develop and locate jobs for the working members of the 40 families. Applications will be turned over to FSES only after the screening is completed.

The program is expected to take six months, and tremendous benefits are expected to be realized from the experiment. Nationwide attention would be focused on Belle Glade and the area following the project.

Belle Glade was selected as the original point for the project since the majority of the states agricultural workers regard Belle Glade as their most important stop on their route of travel with seasonal harvesting.

Production And Long

(Continued From Page One)

ident says, "The new name better identifies the association with the purpose for which it was chartered and for which it has operated more than 40 years—the making of long-term Federal Land Bank loans."

Mr. Chas. R. Long, is now "Manager" rather than "Secretary-Treasurer," and he has attended a workshop conference in Columbia, S. C. in order to familiarize himself with legislative and administrative changes.

The Production Credit and the Land Bank Association is primarily for the farmer, and therefore the "DE-ducks" are not as burdensome as it is with some other lending agencies.

You pay for the money for the time used, and other expenses are just as down-to-earth.

The Glades is one of the primary activity of this Miami organization and a full time local manager, Mr. Gilbert L. Latham is on duty in the handsome office building here.

Long-term farm loans on a realistic appraisal, at minimum expenses as practiced by this organization will serve as a pattern for some insurance companies whose appraisers are not as well as preparing a crocodile farm in the Congo.

Mrs. Lee Presents Program To WSCS

The regular monthly meeting of the WSCS of Lake Harbor Methodist Church was held Monday, January 18th. Mrs. John D. Hemphill presided. Mrs. O. Smith was in charge of the devotion and a very inspirational devotion was given.

The business meeting was followed by a program under the direction of Mrs. Marvin Lee. Others participating in the program were Mrs. H. D. Matthews and Mrs. L. J. Garry. Refreshments were served by Mrs. B. Mathis, Jr.

Others attending were Mrs. N. D. Stefano, Mrs. A. B. Mathis, Mrs. Marvin Lee, Mrs. Mary Royal, Mrs. E. W. West, Mrs. Frank Robertson.

The WSCS attended the Study Course on "Africa" at the Okeechobee Mission Church on Sunday night. The study course was for the entire family and included primary and cradle classes.

Attending were Dr. and Mrs. N. D. Stefano, Mrs. A. B. Mathis, Mrs. Marvin Lee, Mrs. Mary Royal, Mrs. E. W. West, Mrs. Frank Robertson, Mrs. H. D. Matthews, Mrs. L. J. Garry, Mrs. B. Mathis, Jr., Mrs. J. D. Hemphill and Mrs. S. D. Hemphill.

Representatives from Unit 83 at Cleveland, Unit 161 at So. Bay and Unit 54 at Okeechobee were present along with members from Pahokee and Lake Harbor.

Commanders of Legion Posts from Okeechobee and South Bay were also present.

Other guests of honor included L. A. Tanner, Southern Area Vice Commander, and Mrs. Tanner, Southern Area Vice President. Mrs. Willie W. Wines, department membership chairman; Mrs. Ruth L. Mills; 9th District secretary; Mrs. Harriet Lawlor, 9th District president; and Mrs. Peg Peeney, 9th District secretary.

Auxiliary Prexy Visits Post 20

Hampered by cooler weather, only a small group turned out Friday night at the American Legion Post 20 to welcome Department of Florida American Legion Auxiliary President Mrs. Lorraine Middleton, according to Mrs. Kathryn Swain, Unit 30 president.

Mrs. Middleton spoke about committee work and various Auxiliary aims and purposes. Representatives from Unit 83 at Cleveland, Unit 161 at So. Bay and Unit 54 at Okeechobee were present along with members from Pahokee and Lake Harbor.

Commanders of Legion Posts from Okeechobee and South Bay were also present.

Other guests of honor included L. A. Tanner, Southern Area Vice Commander, and Mrs. Tanner, Southern Area Vice President. Mrs. Willie W. Wines, department membership chairman; Mrs. Ruth L. Mills; 9th District secretary; Mrs. Harriet Lawlor, 9th District president; and Mrs. Peg Peeney, 9th District secretary.

Jacksonville Calls

(Continued From Page One)

at Batesville in recognition of his work with the church.

Dr. Scott has held high positions in his church organization and his early activities with local civic and fraternal organizations made it natural for him to do the same in this community. He was a Rotarian in his West Memphis days, he belongs to the local Lions Club; he is also a Mason. The Doctor has just himself been elected a member of the local community, and his leadership will be a loss to the community.

Mrs. Scott, always the competent helpmate of the minister, has been a leader in the community position in the hearts of the local congregation, as well as the community, a leading member of the church.

Belle Glade—Gateway To Recreation Theme For Talk To Lions By FCD Man

"Belle Glade, Gateway to the World's Finest Recreation Area," will be amplified in a talk by Robert L. Taylor at the February 3 meeting of the Belle Glade Lions Club.

Taylor, Chief of the hydrology and hydraulics branch of the Central and Southern Florida Flood Control District, will discuss the development of fish, wildlife and recreation in the conservation area, immediately east of Belle Glade, and in Lake Okechobee.

In making the announcement, H. B. McCall, program chairman for the Lions Club and Belle Glade financier, stated that the water storage area of the Flood Control District, provide a natural setting for wildlife refuge and a place for unchallenged fishing, hunting and water sports.

"Recent agreements between various state, federal, and county agencies clear the way for

vide realistic training under simulated combat conditions. Special emphasis will be placed on the role of the individual soldier and the small-unit leader. The exercise will involve 60,000 troops and will mark the first time in history that major units of the new German-Army will participate jointly with U. S. Ground forces in a field exercise.

Specialist Lewis, a supply clerk in the company in Schweinfurt, entered the Army in May, 1958 and completed basic combat training at Fort Jackson, S. C.

Service Column

Marion F. Jones
Undergoing Pre-Flight training at the Naval Air Station, Pensacola, Fla., is Marine Aviation Cadet Marion F. Jones, son of Mr. and Mrs. Vernon L. Jones of 125 N. W. Avenue B, Belle Glade, Fla.

He attended the University of Florida before entering the Flight Training Program. The 16-week course covers aviation science, navigation, and other military and technical courses to prepare him for duty as a flight officer.

Upon completion of Pre-flight he will undergo Primary flight training at Saudley Field Naval Auxiliary Air Station in Pensacola.

John T. Dunlap
John T. Dunlap, age 19, son of Mr. and Mrs. Harry T. Dunlap, 80 East Palm Beach Road, Belle Glade, Florida, was administered the Oath of Enlistment for entry into the Air Force at Miami, Florida on 19th of January, 1960 and was flown to Lackland AFB, San Antonio, Texas where he will be entered into the Basic Military Training course for a period of four weeks. At the end of his four weeks of basic training he will attend a technical training course in the Administrative Career Field. John was enlisted through the Air Force Recruiting Office, Room 211, Post Office Building, West Palm Beach.

Erbie G. Lewis
Army Specialist Four Erbie G. Lewis, son of Mr. and Mrs. Erbie L. Lewis, 1404 N. W. 12th St., Belle Glade, Fla., is scheduled to participate with other personnel from the 357th Ordnance Company in Exercise Winter Shield at the Grafenwöhrer Hohenfels training area in southern Germany, Feb. 1-7. Winter Shield, an annual winter maneuver designed to determine the combat readiness of Seventh Army troops, will pro-

Royal Family Ruled
Brazil is the only country in the Western Hemisphere ever to have served as the seat of government for a European em-

pire. The royal family of Portugal live in, and ruled from, Brazil from 1808 to 1821, according to World Book Encyclopedia.

W. C. Allen Wins Captain's Position With County's FHP Legion Auxiliary

At the Jan. 20 meeting of the Florida Highway Patrol American Legion Auxiliary held at West Palm Beach, W. C. (Poppy) Allen, South Bay, was unanimously elected Captain of the Palm Beach County Florida Highway Patrol Auxiliary.

Allen replaces Capt. Arthur Brecker, Lake Worth. Allen's rank is the highest elective office of the auxiliary in the county. Further advancement would come from state level offices.

Allen, formerly a lieutenant in the Lake Area Patrol of the American Legion - sponsored unit, was succeeded by T. E. Hollingsworth recently.

Allen is a past commander of Everglades American Legion Post 20 and South Bay Post 161 as well as past Ninth District Commander. He is presently a member of Post 161 and has been active in American Legion work for 32 years.

The Lake Area unit is a part

of Troop E of the Florida Highway Patrol and is under the instruction of Corporal Register (Cuz) Windham, Palokce. The auxiliary is made up only of men who are Legionnaires and eligible to be Legionnaires and the work is strictly a voluntary proposition.

Civilians Arrange Circus In March

Arrangements were completed by the Belle Glade Civilians with Hagen Brothers Circus for a one-day appearance of their large, three-ring circus at Belle Glade Mar. 18, according to James Williams, club president.

Williams said that Hagen Brothers Circus, who has been highly recommended by sponsors in other cities, has a record of bringing good, clean family entertainment to cities throughout the nation for the past 12 years.

This year the circus will feature a beautifully costumed spectacle called Circusma. The production will combine all of the old time circus atmosphere plus the newness and novelty of the modern era.

The circus tent will be located on S. E. 2nd St. opposite the American Legion hall. Advance tickets go on sale Feb. 1 at Bob Davis Buick Used Car Lot. Adults admission will be \$1.00; children 75 cents. Proceeds benefit Civilian projects.

Market Is Steady

To Higher At GLM

Slaughter prices were steady to higher over the previous week at the Monday Glades Livestock Market sale where 664 cattle returned \$72.906.54 while stocker offerings were slightly lower, the market bulletin shows.

Seventy-six percent of the offering went to slaughter; 38% of the run was cows, 93% of these went to slaughter.

Compared to the previous week slaughter steers and heifers were 25-75 cents higher, cows and bulls were unevenly steady while calves sold steady to \$1.00 higher.

Stocker steers and heifers were steady to 50 cents lower, calves and cows were \$1.00-2.00 lower.

Slaughter Prices:
Steers (118) 12.00-21.75; heifers (43) 11.50-20.00; calves (101) 10.00-27.75; cows (54) 12.00-20.00; bulls (7) 16.00-21.50.

Stocker Prices:
Steers (56) 14.00-21.25; heifers (31) 15.25-18.75; calves (54) 10.00-21.25; cows (17) 10.00-15.50; bulls (3) 14.75-23.00. Dairy cows 14.00-18.00.

LEGAL NOTICES

Bids are being accepted for the purchase of a parcel of land in the area known as the "Old City of South Bay" located in the City of South Bay, Florida. The parcel is situated on the south side of U.S. Highway 1, between the intersection of U.S. Highway 1 and the intersection of U.S. Highway 1 and the intersection of U.S. Highway 1 and the intersection of U.S. Highway 1.

CITY OF SOUTH BAY
Publish Jan. 28, Feb. 5, 1960.

Tax Assessor To Be In This Area Feb. 2

David Stewart, assessor of taxes, Palm Beach County, will be in this area for the purpose of receiving tax returns as follows: Belle Glade, Feb. 2, 9 a. m. to 10:45 a. m. Town Hall; Chosen, Feb. 2, 11 a. m. to 11:45 a. m. West's Store; South Bay, Feb. 2, 12:00 noon to 1:30 p. m. Town Hall; Lake Harbor, Feb. 2, 2:00 p. m. to 3:30 p. m. Post Office.

At this time Mr. Stewart will be glad to discuss any tax problems and Homestead Exemptions may be applied for and paid.

South Bay Lions Family Night Tonight

Tonight will be family night again for members of the Lions Club in South Bay. The supper will be held in the park unless cold weather prevents this. Meetings are now being held each Thursday at 7 p. m. in the South Bay Bus Stop Restaurant. Anyone interested in joining the Lions Club should contact the club president, C. E. Crichfield in South Bay.

Tax returns may also be submitted.

REWARD FOR SCHOLASTIC ABILITY in this case turned out to be a meal for two at Dixiana Grill for William Mills and his mother, Mrs. George Mills. The award, created by Dixiana proprietor, Jovell Bass, goes to the BGHS Future Farmer with the best grades in a specified period. Mills won the award with five A's and one B for the last six weeks in competition with 71 other boys. Michael Roberts (not shown) was second with four A's and two B's. The award is part of a program to build the scholastic standing in the school. Lavon Bass is taking the order for the winner and his honored guest.

Frost Slams Glades

(Continued from Page One)

the worst damage for any one night in the past several years Saturday night, according to Glades' Livestock Market's weekly bulletin.

"Fortunately for ranchers," the report says, "the cold spell came so late in the season that a continuous feeding program would not be prohibitive for the duration of the winter. Grass retains protein for about two weeks after freezing and by that time we hope to have new grass growing."

Market Report

In a special report the Crop Report Board, Washington, said that squash and beans in Glades County were 80-90% hit while tomatoes were 70-75% gone and potatoes might recover although yields would be reduced.

Their report says Glades area less severely hit by cold. Crops will be retarded and volume will be reduced next week or ten days, they state.

Young beans and corn were hit hardest; replanting has started. During the past week leaf items got shot in the arm up to \$2.50-2.50 for endive and \$1.75-2.00 for coriander. The generally good corn brought \$3.00.

The best cabbage returned 800 white potatoes got \$3.00. Radishes, which had been in the cellar at 79 cents for baskets of 30, jumped to \$2.00. Market News Service said there were too few beans to quote, but the last price reported was \$5.45-15.

Movement for the weekend was off 60 cans from the previous weekend. Combined truck and rail movement for the week was 594; it was 827 the week before. Movement to date totals 7,264 compared to 9,345 for last year for a comparable period.

Discrimination Is

(Continued from Page One)

Willis wanted to know how to get streets in the area. Willis was told that the city was preparing an ordinance defining subdivision and developing policy concerning who paid what for streets and water lines.

Willis said two bean crops had already grown on the property that could have been on the tax roll as home property while the council mulled their decision since last August when Willis first presented the request.

In other action the council heard that a representative of the Florida Development Commission would be invited to town to discuss the formulation of a planning program for the city's future development regarding regulations on zoning.

Ordered 28 more parking meters to replace older models now in use at a cost of \$1,500 which will be paid out of parking meter revenue.

Learned that new traffic lights for South Avenue E would be put up next week.

Heard that the city had installed a centrifugal pump at the sewer plant to keep down foam from aeration tanks.

A bushel of corn may yield approximately 1.4 pounds of corn oil.

Dr. Bledsoe Dies At Gainesville

Dr. Roger Bledsoe, assistant director of Florida Agriculture Experiment Station, Gainesville died suddenly Sunday afternoon.

Attending the services at the University Methodist Church, Gainesville at 2 p. m. Tuesday from the Everglades Experiment Station here were Dr. T. Forsee, Jr., and Dr. R. V. Allison.

Well known among agriculture and experiment station personnel in this area, Dr. Bledsoe had been in administrative activities for approximately the last 10 years. He had made many contributions to Florida agriculture in the field of agronomy.

BG Lions Observe
(Continued from Page One)
member still active in club affairs.

Known as the world's biggest "doers," Lions International bears the motto, "We Serve." Living up to that motto, Belle Glade Lions over the years have participated in many projects for the benefit of the community.

In addition to their sight conservation program and contributions to Lions Industries for the Blind, the Belle Glade Lions led the 15-year battle for municipal swimming pools and, lastingly became the pool's largest donor when contributions were solicited.
